Re Varis recruiting in say 1947(?)
He told me: ① That he wanted CIG
to be in itself the substantive master of
all competing dept'l intell outfits.
② When I demurred about
this he told me that if he didn't fill all
the slots he had been awarded he might
lose them. — Apparently he went
ahead full steam & recruited
scores (if not 100's) of people who
were utterly unfitted for the work.
The old O R E was their
